

*I am extremely privileged and delighted to be part of Indian Academy of Highway Engineers (IAHE), the premium National Training Institute for training of highway professionals under the administrative control of the Ministry of Road Transport and Highways, Government of India.*

*IAHE is located in a lush green campus with excellent infrastructure, spread in an area of 10 acres, comprises of air-conditioned Conference Hall, Seminar Hall, Lecture Halls, Auditorium, well equipped Laboratory, Library, Computer Lab, Staff Quarters, Canteen and a 'Home like' Hostel facility for about 100 Trainees. Our sports infrastructure comprising of Badminton Courts, Billiards, Table Tennis and other Indoor games.*

*The Government of India has launched several schemes for up gradation and development of Roads network in the Country which requires highly trained and skilled highway professional. Moreover, there is also a need for innovation and the use of new/alternate material/technology for construction and maintenance of roads, to reduce cost of construction and create sustainable facility. This necessitates appropriate training, knowledge up gradation and dissemination among highway engineers and professionals.*

*IAHE has been playing a pivotal role in this noble mission of rendering training to the Highway Professionals from different streams and different corners of the country over the last several decades. It has also expanded its horizon for training of expatriates from African, East Asian and SAARC countries as part of Government of India initiatives to foster bilateral cooperation.*

*I am pretty certain that with the dynamic teamwork of all our faculty, staff, employees, stakeholders, IAHE would be successful in facilitating to accomplish the mission of developing world class roads in the country.*
